Technical Parameter :

- 1: The whole machine is welded with an integrated steel frame, with a total length of 3.59 meters.
- 2: The belt is 600mm wide and made of 2.0 black PVC belt.
- 3: High precision servo motor, printing speed 0-40 meters per minute.
- 4: The feed width is 600mm, and the maximum printing height is 180mm.
- 5: Integrated host operation.
- 6: Equipped with universal casters.
- 7: Voltage 220V.
- 8: Surrounding the board.
- 9: Error 1mm.
- 10: Weight 422KG.

Rest Assured To Buy

08

We are a company
with solutions

We have many videos of
AFTER-SALES SERVICES

Warranty of Spare Parts

Spare Parts guarantee for
One year since client
received machine

Technical Engineer Support

Send technician for installation &
training, the cost cover by buyer
(round ticket, accommodation,
Salary of USD 100 Each day)

Operation Manuals & Online Supports

We will provide the operation CD
and manual, we also supply the 24 hours
online service.

Bussiness Support

We will offer the most professional
suggestion to help you start and
expand your business
